

Match words to pictures by drawing connecting lines from the text: Different Families
by Rebecca Pettiford.

stepmom

A woman married to one's father but who is not one's biological mother.

divorced

A couple who has chosen to end their marriage.

stepsisters

Daughters of one's stepparent and his or her former partner.

foster family

A family that cares for a child, usually until he or she is adopted.

remarried

To be married again following a divorce or death.

adopted

To be raised by parents to whom one is not biologically related.
