HW pg. 72

- Complete the sentences with the missing numbers.  
Then find the sums.

$$7 + 7 + 7 = \boxed{\phantom{00}} \text{ groups of } \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

$$2 + 2 + 2 + 2 = \boxed{\phantom{00}} \text{ groups of } \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

$$8 + 8 + 8 = \boxed{\phantom{00}} \text{ groups of } \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

$$6 + 6 + 6 + 6 = \boxed{\phantom{00}} \text{ groups of } \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

- Draw the chocolates in the boxes to find the answer.

Olga buys 5 boxes of chocolates for her family. Each box has 2 chocolates. How many chocolates does Olga buy?

Olga buys \_\_\_\_\_ chocolates.
