Lucy's life

Hi everybody! My name's Lucy and I'm English.

I'm 12 years old and now I'm at school.

It's 10:20 and this is my ICT lesson. ICT is my favourite subject, it's easy! Maths is difficult for me and History is boring! I'm here with my friends, Jane and Thomas. Jane is short and plump, with long red hair and green eyes. Thomas is tall and slim and he has got dark hair and brown eyes. Jane is from Dublin, in fact she's Irish and Thomas is from London, but his parents are from Calcutta, in India. Jane and Thomas haven't got brothers or sisters, but I've got two sisters, Sophie and Helen. They are 14 and 16 and they're very cool!! My mum is Sandra, she's nice. She's got curly blond hair and my dad is Robert, he's tall and big and he's very funny. He's from Spain. And you? What are your favourite subjects? Have you got brothers or sisters?

Bye bye,

Lucy
