Hi! My name is Vicky. I am from France and I live in the US. I love graphic design!

1. Reading. Vicky wants to tell you about her life. Read her interesting blog and do the exercises below:

My name is Victoria and I am thirty-eight years old. I am French and I live in Manhattan. I live alone in a beautiful house. I am a graphic designer and I work for a designing company called "Logos". I work every week from Monday to Thursday. My day starts very early at seven. I always

take a shower and have a big breakfast. I usually wear shirts, pants and shoes. I like wearing elegant outfits at work.

In the afternoon, I finish work at two pm. I take the bus and get home at three. I sometimes do the shopping and cook. I am not very good at cooking; so, I usually order food at night. I go to bed at eleven o'clock.

In my free time, I go running to the park and take yoga lessons. I go to yoga lessons twice a week with my best friend Amy. We also like having a coffee and going to the movies once a week. We never go to visit museums or art galleries; we aren't interested in that.
