

Name: _____ Date: _____

Directions: Identify the parts that are labeled in the cell below.

1. Nucleus
2. Cell Wall
3. Cytoplasm
4. Vacuole
5. Cell Membrane
6. Chloroplast

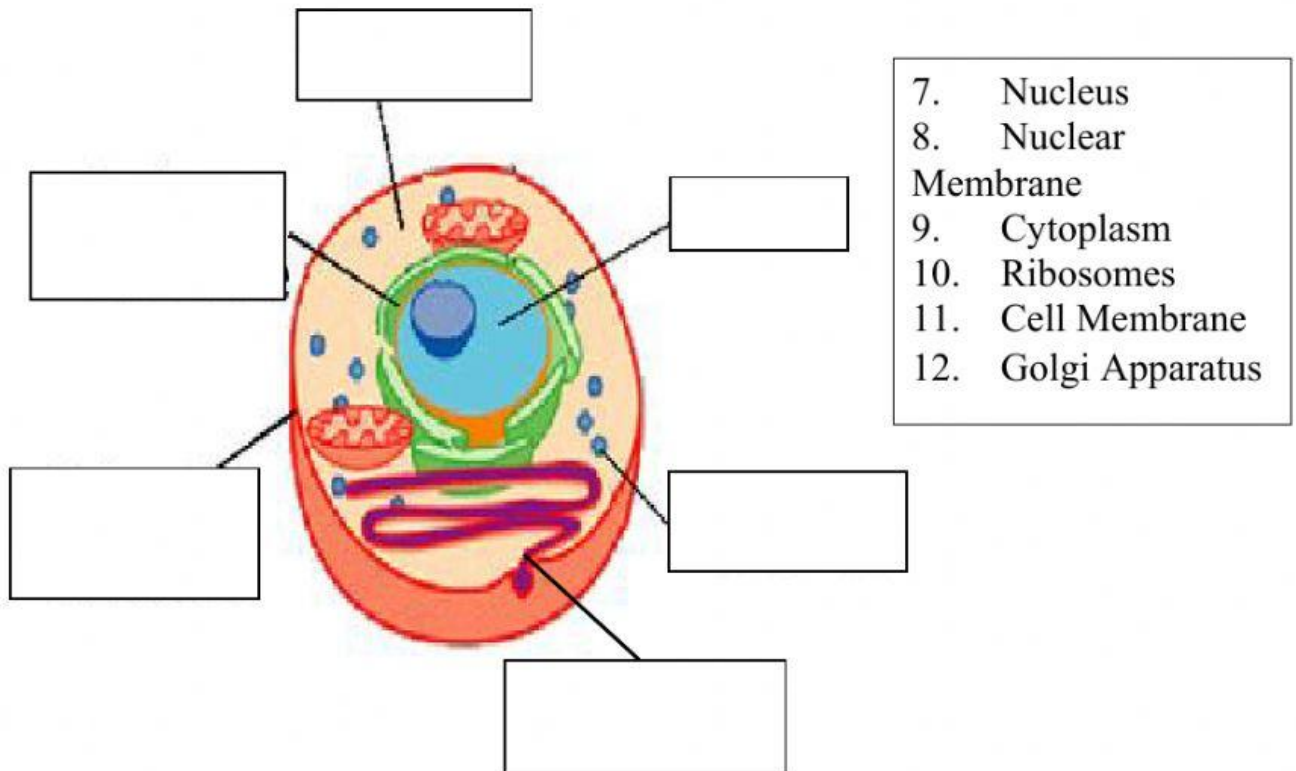

Directions: Choose the correct word to complete each of the sentences below.

1. The cell in the picture is a _____ cell.
a.) animal
b.) plant
2. The _____ is the brain of the cell and contains the cell's DNA.
a.) nucleus
b.) vacuole
3. The _____ cell is green because the cell contains _____.
a.) animal
b.) plant
c.) cytoplasm
d.) chloroplast

Name: _____

Date: _____

Directions: Identify the parts that are labeled in the cell below.

Directions: Choose the correct word to complete each of the sentences below.

4. The cell in the picture is a(n) _____ cell.

a.) plant

b.) animal

5. The _____ protects the nucleus.

a.) Golgi apparatus

b.) nuclear membrane

6. _____ make their own food.

a.) heterotrophs

b.) autotrophs
