

Dear César,

I have some great news. Luis and I are going on holiday for a whole month. Guess where. Cartagena!

We are leaving on 1st June. we both love swimming, so we are going to stay at a fabulous hotel right next to the beach. I am going to relax as much as possible because I am quite tired after working hard all this year.

We are coming back from our holidays on 30th June, and I have lots of plans for the rest of the summer. First, I am going to work at a bar because I want to earn some extra money and buy a new car. I am also going to join a gym to lose some weight. Finally, I want to find a better job in autumn, so I am going to start a computer course.

Oh, I nearly forgot! On 16th August we are having a garden party to celebrate Laura's birthday. Please try to come. You are welcome to spend the night here.

Well, that's all for now. Hope to see you soon.

Love,  
Laura
