

Completa los números que faltan:

112		114		116			119	
129					134			
178			181					186
205			208			211		
239								
299				303				
368								
392					397			

Familia de operaciones:

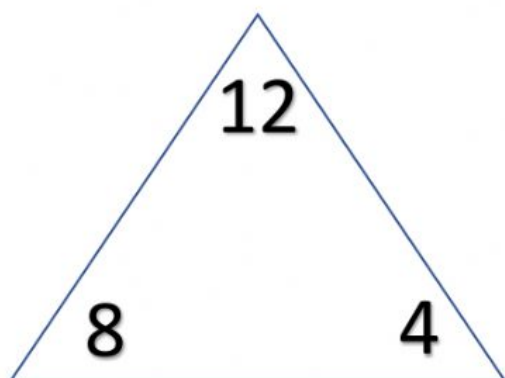

$$5 + \square = \square$$

$$3 + \square = \square$$

$$8 - \square = \square$$

$$8 - \square = \square$$

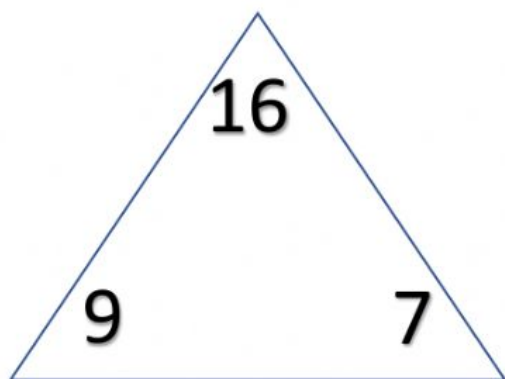

$$8 + \square = \square$$

$$4 + \square = \square$$

$$12 - \square = \square$$

$$12 - \square = \square$$

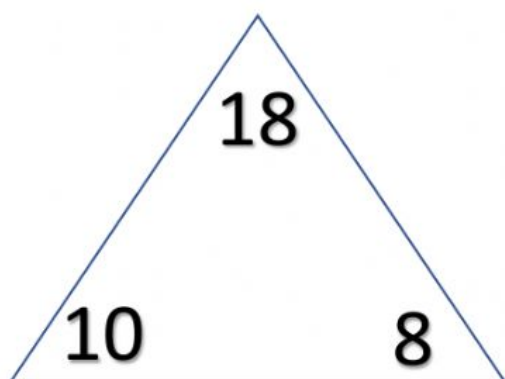

$$9 + \square = \square$$

$$7 + \square = \square$$

$$16 - \square = \square$$

$$16 - \square = \square$$

$$10 + \square = \square$$

$$8 + \square = \square$$

$$18 - \square = \square$$

$$18 - \square = \square$$
