

# ESTIMATING

Estimate numbers as a range.

1. Choose the range that describes each estimate

a.  $30 - 40$

$40 - 50$

$50 - 60$

I estimate that there are 42 cars in the car park.

b.  $20 - 30$

$30 - 40$

$40 - 50$

There are about 28 children in my class.

c.  $50 - 60$

$60 - 70$

$70 - 80$

I estimate that there are 75 pencils in that pot.

2. Estimate how many apples there are.

3. Estimate how many fish there are.

4. Estimate how many balloons there are.
