

Unit 3: Exciting Environment

1 Look, listen and find.

Drag the names of the continents into the correct places.

Are there any rainforests in Europe?

No, there aren't.

Continents

Africa

Asia

North America

South America

Antarctica

Australia

Europe

Key

- cold place
- desert
- grassland
- rainforest

- What continents are on the equator?
- What is the weather like in places near the equator?

the equator

Are there any deserts in Oman?

Are there any rainforests in Oman?

What is the equator? Listen and draw a line to the equator.

Listen and repeat.

Is South America near the equator?

Yes, it is.

Are there any rainforests in Europe?

No, there aren't.

1**Read and answer.**

Look at the questions and answers about the equator and different environments on pages 26 and 27 of your Classbook. Read the questions below, look at the map on pages 26 and 27 of your Classbook and write the answers to the questions.

1. Is Africa near the equator?

Yes, it is.

2. Are there any cold places in Antarctica?

3. Are there any grasslands in Antarctica?

4. Is Europe near the equator?

Look at the pictures of 4 different environments. Match each picture to a name.

rainforest

ocean

grassland

mountain

desert

cold place

1 Look, read and match.

Match each of these descriptions to the pictures on page 28 of your Classbook. Write the picture letter and the name of the environment above each description.

1.

It's very, very cold and there is snow and ice for most of the year.

2.

It rains very little. It's usually very hot and dry.

3.

It's never cold. It's always hot and wet.

4.

It only rains a few times a year. It's usually hot and dry.

2

Think and label.

Label each of these pictures with one of the words in the world.

1

2

3

4

a giraffe

a rafflesia

a sloth

a penguin

a camel

a cactus

grass

an Arctic poppy
