

Leona's Room

1. Read Leona's description of her room.

MY ROOM

My room is not big, but it is beautiful and comfortable. There is a bookshelf opposite the door. My favourite colours are pink and blue, so you can see plenty of pink and blue clothes in my wardrobe. There is a desk between the bookshelf and the wardrobe.

My favourite subject is Science. I like animals and I love flowers. That is why I have a lot of books and posters about them. There are some flowers on the walls, too.

There is a large bed with pillows and a bedside cabinet next to it. Opposite the bed, there is a small sofa.

My room is clean and tidy. I spend a lot of time here reading books and learning. Sometimes I invite my friends and we have fun. I love my room very much.
