

Data:

Înmulțirea cu 2, 3 și 4

a	4	9	5	2	2	10	3	3	7
b	2	2	2	6	8	3	7	2	2
a × b									

3 x 7 = 11; 21; 24

The image shows three separate diagrams, each illustrating a multiplication operation using an array and a multiplication sign.

- Diagram 1 (Left):** A green octagon labeled $\times 2$ is positioned above a 5x2 array. The left column of the array contains the numbers 3, 5, 7, 4, and 8. The right column contains the number 6. Arrows point from the octagon to the top of each column.
- Diagram 2 (Middle):** A yellow octagon labeled $\times 4$ is positioned above a 5x2 array. The left column of the array contains the numbers 2, 4, 7, 4, and 8. The right column is empty. Arrows point from the octagon to the top of each column.
- Diagram 3 (Right):** A pink octagon labeled $\times 3$ is positioned above a 5x2 array. The left column of the array contains the numbers 7, 5, 8, 6, and 3. The right column is empty. Arrows point from the octagon to the top of each column.
