

Name:

Grade: 9 Advance

Week 1

Find information in Google and write them down

Computer programming skills

Research and list the names of 3 people who have been successful in the computing industry. At least one person should be a woman and one should be an Emirati. With the competencies and skills you develop while studying computing, your name could be next on that list.

Name	What they have achieved in computing

Requirements for future jobs

Research and describe the terms in the table below. How do they relate to computing?

Term	Description	Comment
Artificial intelligence		
Autonomous robot		
Blockchain		
Cloud computing		
VR		

MOE 2020-21
