

Station 1: Reading Fluency

CLT: I can read a passage aloud fluently.

I can assess my reading fluency by using a checklist.

Directions: Follow the steps below to complete your station. When you are finished, be sure to click the blue finish button at the bottom.

1. Practice reading the passages below ALOUD to yourself at least 5 times:

Habitat

Amazon horned frogs live in ponds of the Amazon basin in South America. The Amazon basin contains the Amazon rain forest, which stretches out through many countries in South America, including Colombia, Brazil, Peru, and Ecuador. This means you can find an Amazon horned frog in many places.

Predators and Prey

One other amazing feature of the Amazon horned frog is that they don't care at all about what they eat. They eat almost anything that they can catch in their large mouths. They catch their prey by ambushing it. Amazon horned frogs are truly amazing frogs!

2. Use the writing checklist to reflect on your fluency. **PUT an X in one box for each sentence. Remember, your options are 1 Beginner, 2 Developing, 3 (Proficient), 4 Advanced.**

1 is the lowest

4 is the highest

**** You do not need to put anything in the row that says "symbol."**
