What are teenagers?

CD 1.24 MP3 24

A recent survey shows that there are reasons why teenagers behave badly. The study suggests that teenagers need to sleep more and that is why sixty-five percent of parents say their teenagers are bad-tempered, uncommunicative and lazy.

- 2 The report also shows that most teenagers are obsessed with their phones. They spend more time chatting online or playing computer games than doing homework. Most parents also say that their teenage children are selfish and unhelpful. Only a few of them help with housework at home.

Sarah

1 _____ Most of us are adorable, cheerful, very hard-working, interesting, brave, generous, loyal, helpful and very good cooks. Oh, and very modest!

2 _____ It's my friends. We love each other. We don't argue or fight. We go to the park after school and we sit under a tree, eat ice cream and talk about guys. We like cooking and camping, not just texting and computer games. I don't have time to read much, but I play the guitar and sing. I'm not a bad-tempered monster – I (usually) apologise when I'm wrong and I like spending time with my grandparents.

³ _____ I get up at 6.30 a.m. every school day and I work hard all day. I never make plans to meet friends in the evening – that's when I do my homework. I think I need about nine and a half hours sleep a night, but I usually get only seven hours. So I'm sometimes a bit grumpy like my parents! 😊

⁴ _____ Not all teenagers are the same. Some of us are lazy, some of us aren't. Some of us like chatting online or playing computer games, but some of us prefer to play football or go for a run. OK, some of the things people say about teenagers are true. For example, music is really, really important to us, but we like different kinds of music. We are INDIVIDUALS!

⁵ _____ I care about other people. I'm interested in the world. I want to travel and learn about other cultures. Then I want to get a job in a developing country. Most of my friends are like me! Where did you find your information? It's wrong!
