Staying healthy in lockdown: 6 tips

1) Follow a routine

Try to get up and go to bed at the same time every day. Make sure you sleep 8 hours every night. Make time for exercise. This can include activities like lifting weights, an online dance class or a long walk.

2) Eat well

Eat five portions of fruit and vegetables a day. Take vitamin D tablets, especially during the winter. The sun is not shining every day.

3) Avoid fizzy drinks

Drinking too many fizzy drinks, or having it later in the day, can affect your sleep. You may also feel nervous and worried. Drink water instead, 6 to 8 glasses a day is good!

Answer the questions

Tick the correct answers ✓

1) This text is

a) A poster	
b) A letter	
c) An article
