

TABELLINA DEL 6

1. Scrivi i risultati.

$6 \times 6 = \square$

$6 \times 7 = \square$

$2 \times 6 = \square$

$8 \times 6 = \square$

$10 \times 6 = \square$

$6 \times 1 = \square$

$6 \times 5 = \square$

$6 \times 4 = \square$

$0 \times 6 = \square$

$6 \times 3 = \square$

$9 \times 6 = \square$

$5 \times 6 = \square$

2. Calcola i risultati di ogni coppia, poi confrontali utilizzando i simboli adatti ($< = >$)

$5 \times 6 \square 3 \times 10$
 $\square$ $\square$

$6 \times 8 \square 5 \times 9$
 $\square$ $\square$

$7 \times 6 \square 4 \times 10$
 $\square$ $\square$

3.

$\text{fiore} \times \text{fiore} = 36$

$\text{fiore} \times \text{mitten} = 48$

$\text{mitten} \times \text{cappello} = 40$

$\text{mitten} - \text{cappello} = \text{guanti}$
 $\text{guanti} \times \text{fiore} = \square$

4.

$$\begin{array}{c} \square \times 3 \\ \swarrow \searrow \\ \square \times 6 \\ \swarrow \searrow \\ 54 \end{array}$$

$$\begin{array}{c} \square \times 2 \\ \swarrow \searrow \\ \square \times 6 \\ \swarrow \searrow \\ 36 \end{array}$$

$$\begin{array}{c} 4 \times \square \quad \square \times 3 \\ \swarrow \searrow \quad \swarrow \searrow \\ 8 \quad \times \quad \square \\ \swarrow \searrow \\ 48 \end{array}$$
