A great science teacher

Three teenagers talk about their science teachers.

Joshua

Mrs Phillips was my science teacher when I joined my school and she still is, so I don't know what the other teachers are like. But I think Mrs Phillips is amazing. Her lessons always seem to go really fast – she gives us so much great stuff to do. Even when we think something is too hard for us, she says she knows we can all do it, and she's usually right! She also shows us drawings, photos and websites to explain how things work, which I love.

Dan

I have a fantastic science teacher called Mrs Rhodes. She loves her subject – especially plants. She is able to draw wonderful pictures of them on the board, which helps us understand them. She never seems to get tired or bored when she's teaching. She takes time to get to know each student in the class so that she can help them better. I think she's the reason I want to be a science teacher one day.

Chris

In just one year, Mrs James has become my favourite teacher. Until I joined her class, I was very bad at science, but she explained things so well that I soon understood them better. My marks went up almost immediately. She's always happy to spend extra time with us at the end of lessons if we're having problems. But it isn't just teaching that makes her great. She's also interested in our lives and gives advice on how to be a better person.

Callie Rice – ice dancer

Growing up, I was in an ice-skating club, and my friends and I did lots of competitions. When I was 18, I entered a big one in Italy, and I came first. The prize was a job as an ice dancer in a big show. That's how my career started.

One of the things I love about the shows is the beautiful clothes. The only trouble is that sometimes they're heavy and I get very hot. Also, I have to **change** lots of times in one show. The people who make the clothes are very clever – it's amazing how quickly they **world**.

Before the show starts, we get dressed, put our skates on, and wish each other good luck. Then, while I'm waiting to go on, I like to sit quietly by myself and think about what I'm going to do. The other skaters chat together or listen to music.

In the shows, we have to dance, sing, and also speak. For me, ice dancing is fine, but I'm not an actor. I'm always a bit scared I won't remember the words. I'm not bothered about falling – it doesn't usually happen. And I really enjoy joining in with all the songs.

People always ask me if I'm tired when **each** show finishes, but I love skating, so I never feel that way. I love listening to the people who came to watch – so excited as they leave, talking about what they've seen. That's when I'm really happy I chose ice dancing as a career.

14 How did Callie's career as an ice dancer begin?

- A** She won a competition.
- B** She saw an advert for a job.
- C** A friend invited her to join an ice show.

15 What does Callie say about the clothes she wears?

- A** Some are prettier than others.
- B** It's hard to skate in them.
- C** Making them takes a long time.

16 What does Callie do just before each show?

- A** She talks to the other skaters.
- B** She checks her skates are okay.
- C** She takes a moment to be alone.

17 What does Callie worry about?

- A** having an accident on the ice
- B** forgetting what she has to say
- C** dancing and singing at the same time

18 How does Callie usually feel after a show?

- A** ready for a rest
- B** glad that she's finished
- C** pleased about making people happy

My trip to Rome

Rhodri

I had a great time in Rome with my family. It was my first holiday outside my own country and I couldn't wait to go. I found out all I could about Rome from the library and on the internet. Knowing about the history made seeing all the old buildings, like the Colosseum, much more interesting. We were able to do lots of sightseeing because the taxis and buses and the metro were cheap and fast.

Patrick

It was really hot when I arrived at Rome airport with my parents last summer. I loved walking around famous places like the Trevi Fountain, but all the cars and buses in the city sometimes made walking difficult. I really loved the food. The Italians have a special kind of ice cream called 'gelato' which is wonderful, but the best thing I had was a pizza at a local market. I also got some great things to take back for my friends.

Josh

It was so hot when my dad and I went to Rome last year that we usually waited until after the sun went down to explore the city on foot. During the day we went to museums, shops and restaurants. The pasta there is amazing, and I had some Italian ice cream, called 'gelato', for the first time. That was the thing I liked most. After a few days in Rome, we decided to take a train into the countryside for a day. It was nice to see all the small villages and farms.

The first place I visited was France. I've always loved the French language and I wanted to study it. Then, while I was there, I became interested in French food. I took some cooking lessons at a farmhouse in the French countryside, and learned to make lots of lovely dishes.

Next, I visited Australia. My cousins live near the river in Sydney, so I had somewhere to stay. To begin with, we spent a lot of time sailing in their boat. But then I got a job in a hotel. It was great – the customers and staff were so friendly.

My last country was Japan, where I learned to become a skiing teacher. I planned to do a three-week course. But when I got there, I saw that I wasn't actually that good, so I changed to a seven-week one. The course was amazing and afterwards I got a job with a skiing company.

The other teachers were very friendly and on our days off, we did activities like snowboarding. One weekend we even did winter camping. That was quite interesting, but it was cold, so I can't say I slept well! Anyway, we're all planning to meet up soon and I can't wait.
