

Seven Continents song

The world is split up into continents, there are seven in all
And if you get the gist, we're gonna make a list from biggest to small:

They are:

Asia, Africa, North and South America
Antarctica, Europe, and finally Australia

Asia, Africa, North and South America
Antarctica, Europe, and finally Australia

Hey! My name
is Asia,
And more
than half of
the world
lives here,
but, whatever

And I am
Africa, with
desert for
miles
And my Nile
is the
longest river

North
America! Start
down in
Panama,
Wide open
spaces, all the
way to Canada

I'm South
America with
animals galore,
Where the
rainforest
grows 'cause
the rain really

I'm
Antarctica,
and I'm
totally ice

And I'm
Europe. You're
welcome...
For the pasta,
pizza, waffles,
and fries

I am Australia, some call me
Oceania,
I got a lot of islands, too many to
explain to ya

Glossary:

Split up; break up _____

Pour: raining a lot _____

Wide: Opposite of narrow

Island: land surrounded by water

ya = you

gonna = going to

'cause = because

We are

Asia, Africa, North and South America, Antarctica, Europe, and finally Australia
