

SNOW DAY! Put in order.

So much snow fell from the sky last days that we got to stay home from school!
There are lots of snow on the ground, so we went outside to make snowmen and
play with the snowboard.

We made a fantastic Spanish omelette and my mother was very happy.
At the end, that day was the best snow day ever!

When we got home, we changed our clothes and mom made us some hot
chocolate. Then, Dad put a board game on the table and my brother threw the
chocolate on the cards.

At dinner time, my brother and I helped dad. First, my father peeled and cut
potatoes. Second, my brother beat eggs while my father fried the potatoes.
Finally, I mixed the potatoes and the eggs.

Before dinner, we sat down on the sofa, put on a blanket and watched a movie.
