A paragraph – topic sentences

A paragraph is a group of sentences about the same topic. The first sentence in a paragraph is the topic sentence. It gives the main idea of the paragraph.

פסקה היא קבוצת משפטים העוסקים בנושא מסוים. המשפט הראשון בפסקה הוא

משפט הנושא (topic sentence). הוא מביא את הרעיון המרכזי בפסקה.

الفقرة هي مجموعة من الجمل حول نفس الموضوع. الجملة الأولى في الفقرة هي جملة الموضوع (topic sentence).

Shopping For Food

Many people buy more food than they need. When you go shopping you should make a shopping list. Don't buy food only because it's on sale. It's also a good idea to avoid shopping when you are hungry. And remember: it's just not cool to throw away good food.

Look at the ad. Write slogans for the ad. Use the modals and semi modals:

The following chart can help you:

You	should	leave food too long in the sun.
We	shouldn't	throw away left-over (שנתר / المتبقى) food.
	must	buy too much food.
	mustn't	cook more than you can eat.
	can	freeze extra food.

Four empty lines for writing slogans.
