

# GRAMMAR

## FUTURE SIMPLE: WILL

### will: prediction

We use *will* to talk about a future event, something that we think or predict will happen. We usually use the contraction *won't* (*will not*) for a negative prediction. After *will* / *won't* we use the infinitive without *to*.

| Will for prediction (affirmative and negative) |         |                                                      |
|------------------------------------------------|---------|------------------------------------------------------|
| I / You / He / She<br>We / They                | ✓ will  | be successful.<br>live in a flat.<br>enjoy your job. |
|                                                | ✗ won't |                                                      |

- 1 Write sentences about Tara's life in the future. Use *will* and *won't*.
