

## ANIMAL ADAPTATION ADVENTURE

This morning when you crawled out of your bed, you were surprised to discover that you were NOT yourself anymore! You have transformed (morphed?!) into a new animal that no one has ever seen before. Everything about you is different! Your home is different, what you eat has changed, and most importantly, you have two new adaptations that help you survive!!

Your job is to write about one day of your adventure! Explain how your new adaptations helped you survive, or at least stay out of trouble!

Make sure you include the following:

- The NAME or type of animal that you are. Or are you 2 different animals joined as one??
- A DESCRIPTION of what you look like? Arms?Legs?Wings?Beak? Claws? Tail?
- What are the two new ADAPTATIONS that you have? Superpowers? Extra arms? No ears? Long ears?
- WHY do you have these adaptations? How do they help you?
- What do you EAT?
- What HABITAT or ECOSYSTEM do you live in?
- Where do make your HOME in this ecosystem?

Go to the ANIMAL ADAPTATION FACT SHEET assignment and answer the questions. This will help you on the last part when you write a description of yourself as this new animal!

AFTER you have completed the questions on the ANIMAL ADAPTATION FACT SHEET assignment, then write a description of the NEW YOU!!! Use the suggestions above to help! Tell me all about you and how you survived the day as this new animal! Be CREATIVE !!!!!
