

**LESSON 2 \_Handout 3\_Innovation**

**Name :**

What products or services make your life easier?  
Write about each one of these products or services below and why they make your life easier.

For example:

|                                                                                     |                                                                                                                            |
|-------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------|
|    | A product that makes my life easier is the air fryer. This is because it makes quick and delicious meals in a healthy way. |
|    |                                                                                                                            |
|    |                                                                                                                            |
|   |                                                                                                                            |
|  |                                                                                                                            |
