

IT'S A PARTY

It's Mum's birthday today / yesterday so we must try,
To get everything perfect and ready on time!
The flowers, presents and cake are inside.
We must / mustn't tidy up- downstairs and outside.

It's a party! It's a party! It's a party! Yeah!

We must prepare the house for the party!
There's a lot to do. It's going to be terrible / great ! Hey!
We must all shout about Mum's party!
It's going to start soon and we mustn't be late!

It's a party! It's a party! It's a party! Yeah!

We must make sure we invite all the family.
We must make sure nobody misses the fun.
We must tell the grandparents and cousins to come.
They can tell the neighbours, granddaughters and grandsons!

It's a party! It's a party! It's a party! Yeah!

We must tell everyone about

The barbecue / party
So that it's the perfect party
For Mum.

We're so excited about
tonight's party,
organized by Mum's favourite
daughter and

son / granddauther !

It's a party! It's a party! It's a party! Yeah!
