

THIS IS A CITY

A city is a place where people live.

There are many buildings.

There are many people living close together.
The cities are crowded.

There are many jobs in a city.

You can work at an office or a factory.
You can work in a shop.

Cities are busy places.

Cities have cultural institutions, like museums and libraries.

Cities have financial institutions such as banks.

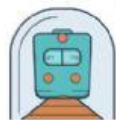

Cities have medical facilities like hospitals and clinics.

Cities have transportations.

There are buses and taxis.
subways and .

a lot of traffic in the city.

Sometimes there is a traffic jam.

There are many roads in the city.

There are boulevards and avenues.

sidewalks to people to
walk

on and to cross roads.

There many  in the

city, like  and

In the city there many signs like

and

Cities are polluted. 

air pollution. 

There water pollution.

There is noise

Cities are places. 

engines running. There

honks honking. 

There sirens blaring.
