

## Task 1

Read about Jason's flat.  
Is it a big flat or a small flat?

I live in a flat in the suburbs of Aberdeen. It is a second floor flat and I have access to a shared garden. My flat has one bedroom, a kitchen, a living room, a bathroom and a hallway. It is pretty small but I live alone so it isn't too much of a problem.

The bedroom is probably the biggest room in the house. There is a king-size bed and a large double wardrobe, plus a chest of drawers, a bedside table and an armchair. It's a nice room because it's south facing.

My living room is a bit small but it's also south facing and it has very large windows, which is great. I don't have a dining room so I have a small table and two chairs in the living room, which is where I eat. There is also a sofa, a bookshelf and a television.

The smallest room is the kitchen. It's tiny! There's only enough room for one person at a time and there's no room for a dishwasher or a microwave.

The bathroom is a little bit bigger than the kitchen and has everything I need. It doesn't have a bath but I prefer showers anyway, so that's not a problem.

In general, I like my flat but I'd like a bigger kitchen.

Now, read the description again and answer the following questions.  
Circle T (True) or F (False)

**1** He doesn't have his own garden. T F

**2** He lives with his partner. T F

**3** His bedroom gets a lot of light. T F

**4** The living room is the biggest room in the house. T F

**5** He has a table and chairs in the dining room. T F

**6** The bathroom is smaller than the kitchen. T F

**Task 2: Copy the text below and punctuate with capital letters and full stops.**
