

LARGE NUMBERS B1 UNIT 3

Tens and units are always separated by a hyphen.

Eg. 32: thirty-two

You must write "and" after hundreds

Eg. 156: one hundred and fifty-six

Use a comma after thousands and millions

Eg. 3,879: three thousand, eight hundred and seventy-nine

10,658: ten thousand, six hundred and fifty-eight

2,531,799: two million, five hundred and thirty-one thousand, seven hundred and ninety-nine

When there are no hundreds after millions or thousands use "and" before tens or units

Eg. 9,071: nine thousand and seventy-one

28,005. Twenty-eight thousand and five

491,006: four hundred and ninety-one thousand and six

26,000,025: twenty-six million and 25

3,000,007: three million and seven

Now it's your turn. Write the following figures in words.

4,879,025

10,136,912

35,001,789

958,326,000

1,002,015

22,252,001

3,365,814

45,664,228

471,178,977

2,041,200

7,569,436

58,000,010
