CLIMBING THE MEJA MOUNTAIN

Two days ago I went to the Meja Mountain. It was the first time I climbed a mountain. I did it with some of my friends. We start climbing at 8 am. It was a clear hot day. I felt no worry because all of my friends were professional climber. I just followed their instruction.

We climbed slowly and enjoyed the noon there. After 60 minutes walking, we could then reach the top of the mountain. It was at 9 am and we spent about 4 hours there. We ate lunch. We cooked some food and drink the coconut water to get our energy back. Then we took some rest. We enjoyed the scenery of Ende City from up there. It was wonderful.

We sang some songs together and shared stories. After 4 hours, we had to go back home. Getting down the mountain was not as hard as the climbing process because we only spent a few energy and time even we had to be more careful to do this process.

I really enjoyed this journey of climbing a mountain. It was a very great experience that I had. I would surely do this again next time.
