

TASK 4 (3K) : PARTITIONS

Name:

Date:

[A] Partition the numbers according to place value.

1) $1\ 836 = \text{.....} + \text{.....} + \text{.....} + 6 \text{ ones}$

2) $9\ 013 = 1 \text{} + 3 \text{} + 9 \text{ thousands} + 0 \text{}$

3) $2\ 507 = \text{....} \text{ hundreds} + \text{.....} \text{ ones} + \text{....} \text{ thousands} + \text{....} \text{ tens}$

[B] Partition the numbers according to digit value.

Example :- three thousand , make sure write 3 000 wrong
if you write ~~3000~~

4) $1\ 836 = \text{.....} + \text{.....} + \text{.....} + 6$

5) $\text{.....} = 10 + 300 + 9\ 000 + 0$

6) $2\ 507 = \text{.....} + \text{.....} + \text{.....} + \text{.....}$
