# The Storm

The sky fills with dark clouds. The wind begins to blow. It's time to go inside.

Rain falls.  
Thunder crashes and we see lightning.  
We go inside our house to stay safe.

The wind stops blowing and the rain stops falling.

We go outside. The sky gets bright and we see a rainbow!

# Leaves

Leaves, leaves, falling down,  
falling on the ground.

Red and yellow,  
orange and brown,  
leaves are falling down.

We rake them up,  
and scoop them up,  
and put them  
in a pile.

We jump in them,  
and play in them,  
for fall just lasts  
awhile!
