TEENS TWO EXAM

Paper 1

Time allowed: 1h.15 min.

SECTION A: Reading Comprehension

Read the text and circle the correct option, true (T) or false (F).

The English-speaking Waiter

Thanasis is 10 years old and lives in a small village on a beautiful Greek island. Like all children his age, He has just finished year 4 in primary school. But unlike other children his age, Thanasis also has a full-time job for two months of the year. In the busy summer months Thanasis is a waiter in his family's restaurant. In July and August, the restaurant is very popular with tourists from all over the world. Because he is the only person in his family who can speak English, it is his job to look after the tourists when they eat at the restaurant. He explains the menu, he takes their order and carries the heavy plates to their table.

Where did he learn his English? There is no school in Thanasis' village, and during the school year he travels 12 kilometers every day by bus to a nearby village to go to school. Together with his classmates, two evenings a week, he attends English classes at a language school in the same village. There is no bus service when his classes end, so his mother picks him up and brings him home.

Thanasis doesn't mind travelling, he enjoys learning English. He is very pleased that he can help his family in the summer and the tourists are very happy that they can order their meal in English. What does Thanasis want to do when he grows up? He wants to have his own restaurant of course!

Adapted from Target Ket for Schools- Richmond.
