Aesop's Morals 1.

Everyone wants more! But it's important to reflect on the things you do have and not what you don't have.	
Nobody likes it when you ask them to do something that you can't even do yourself.	
It is important to keep moving forward and one day you will get there.	
If your first solution doesn't solve the problem, think of another solution until you find it.	
It's okay to have fun, but make sure your work is done before!	

Never give up!

There is a time for work and time for play.

Lead by example!

There is always a way!

Be happy with what you have.
