The magic gopher

A gopher is a small animal that lives and keeps its food in the ground. It is similar to a hamster (but bigger) or to a squirrel.

You can play the online game here: https://learnenglishteens.britishcouncil.org/study-break/games/magic-gopher

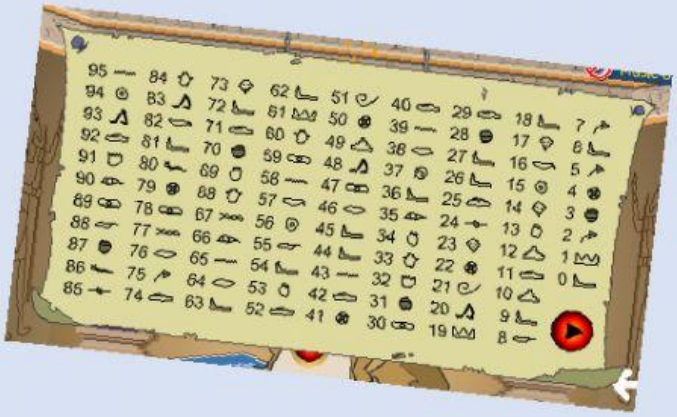

number 53

digits 5 3

add together 5+3

substract 53-8

count: 1,2,3,4,5....

1.Think a number two digits.
example: 53.

2. Now add the two numbers together.
example: 5+3=8.

5. Now I will read your mind and tell you what your symbol is. Watch carefully.

4. Finally look the symbol next your number. Remeber it.

3. Next, substract the new number

your original number.
example: 53-8=45.
