3. Read and complete the sentences by writing the correct ANIMAL GROUP. There is one example:

E.g.: Most **amphibians** breathe through their lungs and skin.

_____ give birth to live young and nurse their young with milk.

_____ breathe underwater using their gills.

_____ have very thin and moist skin while _____ have dry skin covered with scales.

_____ are warm-blooded animals that have ear holes instead of ears.

Most _____ lay eggs, but some give birth to live young, like vipers, anacondas, and boas.

_____ have webbed feet and jelly-like eggs.

4. For each question, write the correct answer. Write ONE word for each gap.

A school trip to the theatre

Last week, everyone in my class (1) on a trip to the theatre. We traveled there (2) bus. The theatre is about 10 kilometers away from school, so it was too far (3) walk. The play was *Romeo and Juliet* by William Shakespeare. In fact, it's probably the (4) famous of all the plays that Shakespeare wrote. We've studied it at school, so I knew (5) it was about. It's a love story, but it's also the saddest play I (6) ever seen. At the end, some people in my class (7) crying. But I loved it!
