

Reading

- 4 Read the sentences which describe the information in the pie charts. Put the sentences into an appropriate order to form a paragraph, describing the data shown.
- 1 However, these figures will rise even more in the years to come up to 25% and 42% respectively.
 - 2 If we take an overall perspective, it can be seen that most people surveyed are willing to spend their money on fitness gadgets.
 - 3 The first thing that stands out is that in recent years there's been an increase of sales in wristwear such as heart monitors and fitness apps.
 - 4 The pie charts show the results of a survey of 1,000 American adults interviewed about fitness gadgets and equipment they had recently purchased, as well as the ones they would consider buying in the future.
 - 5 These people are also not as worried about what they are wearing when they are working out. Their interest has dropped from 39% to 17%.
 - 6 This trend is explained by the fact that more and more people are becoming interested in getting fit and tracking their performance.
