

## PATRONES DE FIGURAS BASÁNDOSE EN SUS ATRIBUTOS.

1.- Elaborar la secuencia según el atributo: color, forma o sabor.

2.- Complete las sucesiones de acuerdo a la imagen

3.- Coloque la figura que completa cada secuencia

|      |      |      |      |      |                                                                                          |
|------|------|------|------|------|------------------------------------------------------------------------------------------|
| <br> | <br> | <br> | <br> | <br> | <div style="border: 1px dashed black; width: 60px; height: 60px; margin: 0 auto;"></div> |
|      | <br> |      | <br> |      | <div style="border: 1px dashed black; width: 60px; height: 60px; margin: 0 auto;"></div> |
| <br> | <br> |      | <br> | <br> | <div style="border: 1px dashed black; width: 60px; height: 60px; margin: 0 auto;"></div> |

4.- Identifique el patrón y coloque el objeto que continúa

|                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |             |                                                                                     |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |  | <div></div> |  |  |
|  |  |  |  |  | <div></div> |  |  |
|  |  |  |  |  | <div></div> |  |  |
|  |  |  |  |  | <div></div> |  |  |
