Term II

I. Read the text and put a tick (v) or cross (x).

Hi, I'm Carla. On Saturdays, I go rollerblading in the park. My dad plays golf with his friends. I never play because it's difficult and you have to walk a lot, but dad says that's great fun. My mum works on Saturdays. She works in a big hotel and she's always really busy at the weekend. On Saturday afternoons, I do puzzles with my dad at our favourite café. Last Saturday we were there for two hours because the puzzle was very difficult. Then, in the evening, we were at home. We always watch a film on Saturdays. I like scary films, but my little brother is seven years old and he can't watch them. We always get a funny film, so he can watch too. Sunday is my favourite day because my family is together.
