Step other ..... and get away from here

But I'll find some other ..... to be ouh yeah, ouh no

Step other every move can be .....

But your heart is..... of stone, I know, I know, o know

No color view from ..... floor

I can't hold it anymore, here (yeah)

Can't hold it anymore!

Someday I will ..... from here

I hope that stars will light my way

Someday I'll find some ..... life,

Beyond my mind so far away

I know for .....that you'll be here

To make me ..... that I'm alive

I'm broken, broken, broken .....again
