Hi Wanda,

I am having a great time at chef school! It's more difficult than I expected, but I'm learning a lot. Did you know that we had a whole lesson just learning how to [1] *boil* water? And then we spent an entire week just learning knife skills, such as how to [2] _____ meat and how to [3] _____ onions into little pieces. That lesson made me cry! Ha ha!

It's funny. I thought I knew the basics of how to cook, but since coming here, I've already learned so much! For instance, I now know why the skin turns brown on top when you [4] _____ a chicken, and why the dough rises when you [5] _____ bread.

Yesterday, we learned how to [6] _____ potatoes. I mean, make French fries! That was so much harder than you'd think. But I still like to [7] _____ best. Cooking burgers outdoors is my idea of fun. Hey, maybe when I come home I can cook for you and your friends. That would be fun!

Justin
