READING COMPREHENSION (1 point / 0.25 each): Read the passage carefully and decide whether the following statements are TRUE or FALSE

(Lưu ý:Học sinh phải viết rõ câu trả lời là TRUE hoặc FALSE,không viết tắt là T hoặc F).

Would you like a robot in your house? It is now generally accepted that in the future, robots will take over many of our tasks, especially jobs of a repetitive nature. But it is doubtful if robots will ever be able to do any of the more creative types of work - or indeed if people would want them to do. In the home, robots would probably be used to do the cleaning, table-laying, scrubbing and washing up, but it is Considered unlikely so far that they will be used to do the cooking - at least not m the near future. Robots in the home might not be creative enough to do the cooking, plan the meals, and so on. They would be used as slaves, freeing people to do more of the things they want.

LIVEWORKSHEETS

Statements	True	False
29. It is thought that robots will be able to do the same jobs every day.		
30. It is certain that robots will be able to help us with creative tasks.		
31. In the near future, robots will be used to do such things such as cooking.		
32. Robots will help us carry out some of the housework such as washing dishes.		

WRITING (2 points / 0.5 each): Finish the second sentence (according to the instruction in the bracket) so that it has the same meaning as the first.
