

Meaning of EDUCATION

I. Read the text and fill in the blanks with NO MORE THAN THREE WORDS.

1. Etymology

- **Education** > learning & **Education** = (1) + (2) of a person
- Latin root:
 - proximately, **Education** ← *educare* (to bring up)
 - distantly, **Education** ← *educere* (to bring forth) – (e: out + *ducere*: to lead)

→ What education means?

- education > (3) (1 word)
- education = to draw out the (4) of young people to hone their (5) and (6)
- education = draw the person forth from (7) (beyond the family, the neighborhood, or the hometown) into a (8)

2. Modern usage:

- Education > (9)
- Education = mentorship (adult's (10)) + personal growth ((11) study of a topic)
- Education plays out nearly anywhere (within the physical walls of a classroom = the (12) of online programs)
- *Academy* and *academia* = physical space and an institution, but education less (13)
