

Surface area of rectangular prism

Find the surface area of the following shape

Step 1: $SA = 2(L \times W) + 2(L \times H) + 2(H \times W)$

$$SA = 2(\dots \times \dots) + 2(\dots \times \dots) + 2(\dots \times \dots)$$

$$SA = 2 \times \dots + 2 \times \dots + 2 \times \dots$$

$$SA = \dots + \dots + \dots$$

$$SA = \dots$$
