

MIGRATION

AND CULTURAL DIVERSITY

Name _____

Date _____

Choose the option that completes the sentence:

- _____ is when people move from one place to another to live.

There are 3 scales or sizes of migration. You can migrate just by moving from one house to another in the same city, or you can migrate all the way to another continent! The three scales of migrations are:

1. _____: You move inside of your own country.
Example: Example moving from Monterrey to Guadalajara.

2. Intracontinental: Is when you go to another country in the same
_____.
Example: from México to the USA.

3. Intercontinental: Is when you move even to another _____.
Example: from France to Australia

Match the correct options:

Immigration

Leaving a place to go to another

Emigration

Reasons that pushed a person to leave a place. They are **always negative**.

Pull factors

When you enter to a new place

Push factors

Reasons to migrate that are sometimes related to something you desire.
