

Summer vacation safety- 101

Summer vacation is a fun time to relax and enjoy the warm weather. But it's important to stay safe too.

One way to stay safe is to protect your skin from the sun. Use sunscreen with a high SPF and wear a hat or sunglasses to avoid getting sunburned. It's also important to drink plenty of water to stay hydrated, especially if you're spending time outside in the heat.

Another way to stay safe during summer vacation is to be careful around water. If you're swimming in a pool or at the beach, make sure there is a lifeguard on duty. Don't go swimming alone, and always wear a life jacket if you're boating or kayaking.

It's also important to be aware of your surroundings and stay with a group of friends or family members. Don't wander off alone, especially in unfamiliar places. And always let someone know where you are going and when you will be back.

By taking these simple precautions, you can have a fun and safe summer vacation. Remember, it's always better to be safe than sorry!

Questions:

1. What is the text about?
 - a) The importance of staying safe during summer vacation
 - b) The benefits of summer vacation
 - c) The dangers of summer vacation
