## **2 Read Anna's blog and answer the questions.**

**Last Friday I was sitting on the platform at Westley Station. There was nobody to talk to and I didn't have a book to read. (I had my dad's laptop, but you need a password to use it and I didn't know it. ) I was bored so I went to a shop in the station. I saw a magazine called My Life. It was more expensive than the other magazines, but I bought it because it had a story about Clara Wyatt, the clothes designer. I know other clothes designers are more famous than her, but I think hers are the most beautiful dresses in the world. I finished the magazine on the train, then I started talking to the woman next to me about her job. She cuts people's hair at a big hotel. We played some games together because she had some cards. Two hours later, we arrived at Park Street. When I was leaving the station, a woman said to me, 'Excuse me, is this yours?' It was Clara Wyatt with my magazine! I'm going to keep it for ever now!**
