

# The Mermaid [Reading]

I was really excited to see The Mermaid, which has made more money than any Chinese movie in history! Based on an old fairy tale, it tells the story of a businessman who falls in love with a mermaid. However, it is not only a romance. The mermaid is also a comedy, with an important message about saving our oceans I thought it was a great movie. It made me laugh and I really wanted a happy ending for the lead characters, played by Deng Chao

and Lin Yun. I was stunned that Lin Yun was not a professional actor before this movie! She won a talent contest for the role of a mermaid, beating 120,000 other girls. Overall, I would strongly recommend this movie because it looks stunning and has something for everyone.
