3. What do you think about ecotourism in Ecuador? (1 point)

4. Read the following text. Drag the images and drop them in the square. (1 point)

Ecotourism or Green Travel takes care of the natural areas. The idea is to leave little impact on the places you visit, protecting the environment in your hometown and when you travel to other places.

Most people who come to Ecuador to scuba dive or snorkel go to the Galapagos. The Galapagos are famous for their rich marine environment and colorful animals. Most boats have snorkeling gears, but it is better if you bring your own mask to make sure that it is your size.

Culinary tourism creates experiences that connect tourists not only with the food but also with the history, traditions, and culture of a country.

The Compañía Church is one of the most important World Heritage Site monuments. This church shows the extraordinary artistic ability of the Ecuadorian artisans. The altars are covered with gold leaf. The Compañía is one of the richest temples in South America.
