### Vacation to London

I spent my last summer holiday in London, England. I went there with my family.

On the first day we landed at Heathrow airport around 7am after 16 hours flight. Then we went to the hotel we already booked. My father and my mother decided to take a rest for a while. On the next day after lunch we went to London eye. We experienced a beautiful view on one of the world's tallest Ferris wheels. You could take photos of amazing views from here. We also went to Big Ben. The best way to see Big Ben was to walk across Westminster bridge and around to parliament square to get a glimpse of all sides of the clock. We spent our last day to buy some stuffs and souvenirs. I also ate the street food there. We went to the airport at 3 p.m. because our flight was at 05.00 p.m.

I had a fantastic experience in England and made wonderful memory with my family. It was my best vacation.
