

Reading and sequencing

Read the story:

Planting Flowers

To plant a flower garden, I weed the flower bed first. Then I rake the soil to loosen it. Next I dig little holes for the bulbs. Then I put the bulbs in the holes and cover them with soil. When I am finished planting the bulbs, I water the garden so the flowers will grow.

Now put the events in order 1-5:

_____water the garden

_____weed the flower bed

_____rake the soil

_____put the bulbs in the holes and cover with soil

_____dig little holes
