

Relación entre suma y resta

Pinta las regletas con dos colores distintos y completa las sumas y las restas:

8 1

$\square + \square = 9$
 $\square + \square = 9$
 $9 - \square = \square$
 $9 - \square = \square$

7 2

$\square + \square = 9$
 $\square + \square = 9$
 $9 - \square = \square$
 $9 - \square = \square$

Relación entre suma y resta

Completa las sumas y las restas:

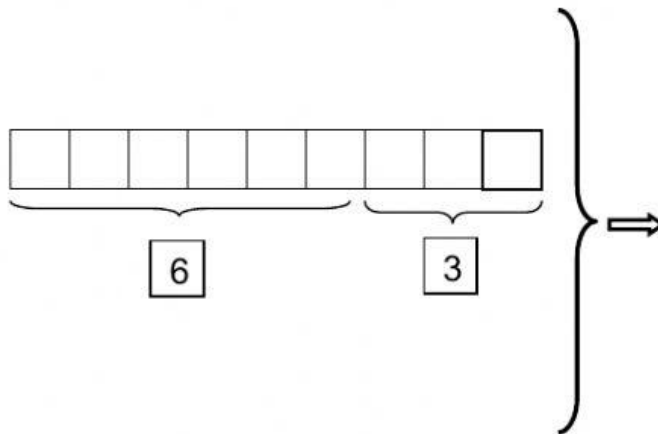

Diagram illustrating the relationship between addition and subtraction using a bar divided into 9 equal segments. The first 6 segments are grouped together with a bracket labeled 6. The remaining 3 segments are grouped together with a bracket labeled 3. A large curly brace on the right indicates the total is 9.

	+		=	9
	+		=	9
9	-		=	
9	-		=	

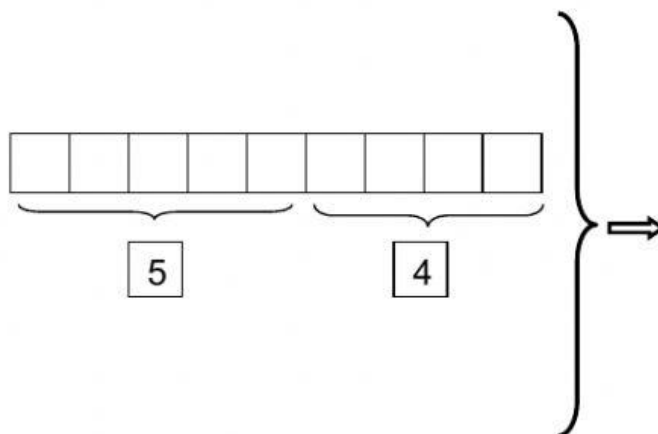

Diagram illustrating the relationship between addition and subtraction using a bar divided into 9 equal segments. The first 5 segments are grouped together with a bracket labeled 5. The remaining 4 segments are grouped together with a bracket labeled 4. A large curly brace on the right indicates the total is 9.

	+		=	9
	+		=	9
9	-		=	
9	-		=
